Introduction

Bengkel Kerja Papua (BKP) presents this proposal to seek support in expanding its grassroots initiative: providing free computer training to Indigenous Papuan. This project addresses digital inequality and aims to empower the next generation with essential skills for education, employment, and leadership.

About The Foundation

Bengkel Kerja Papua (BKP) is a legally recognized non-profit organization based in Papua, Indonesia. Since 2018, BKP has provided free computer training to over 20.666 people—especially youth from marginalized and remote communities.

We bring practical skills and hope directly to the villages, churches, and schools across Papua—without charging participants, regardless of ethnicity, religion, or economic background.

BKP was founded by Ramandei and Rumbarar who recognized a growing digital gap in Papua. Through personal funding, limited equipment, and the support of kind-hearted individuals, the program continues to operate and grow.

Our Mission

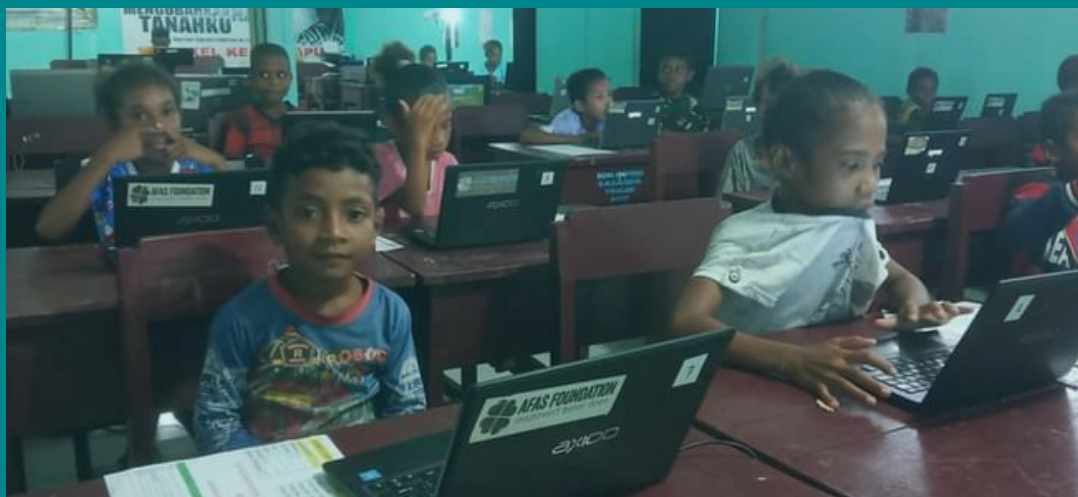

To break the cycle of digital exclusion among Indigenous Papuans by providing free, practical, and inclusive computer education—empowering the next generation for school, work, and community service.

Why Support This Work?

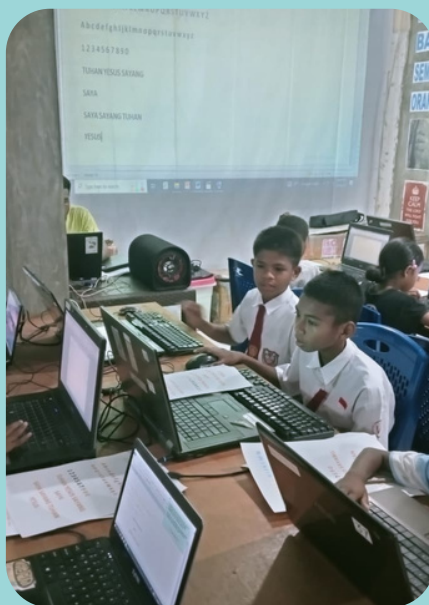

- Access to computers is rare in Papuan homes.
- Many young Papuan lack confidence, drop out of school, and remain unemployed.
- Early marriage, alcohol abuse, and lack of opportunity are common in underserved areas.
- Education is a right, not a luxury.

Your support helps equip youth with practical IT skills that open doors to employment, entrepreneurship, education, and leadership.

What We Do

- Free Computer Training (Microsoft Word, Excel, PowerPoint)
- Certificate Issuance at no cost
- Computer Servicing during training sessions (basic software repairs)
- Content Creation & Multimedia Training (when resources allow)

Training Strategy

- 10-day sessions in each village
- Participants: Ages 5+ to elders (no restrictions)
- Less theory, more practice (1% theory, 99% hands-on)
- 100–300 participants per session
- Rotational learning based on age groups in informal settings

Our Impact

- Over 20,666 trained since 2018
- 100% free of charge
- Training conducted in 100+ locations
- Certificates issued to graduates for work, school, and church service

VISITED LOCATIONS

**Locations we visited for
computer training**

Challenges and Needs

- Only 20 functional laptops remaining
- Damaged projectors from unstable electricity; we have only 1 Projector now. This is our urgent need
- Lack of fixed funding or transport support especially to remote areas
- Misunderstanding that BKP receives government funding and all training are for profit only

Financial Overview

Sample Budget per Training Location:

Item	Cost (IDR)	Cost (USD)	Cost (EUR)
Stationery & Materials	1.000.000	64,52	58,82
Certificate Paper	1.050.000	67,74	61,76
Sea Transport	2.660.000	171,61	156,47
Shipping Manifest	500.000	32,26	29,41
Port Storage	1.000.000	64,52	58,82
Labor Handling	1.500.000	96,77	88,24
Vehicle Rental & Fuel	2.000.000	129,03	117,65
TOTAL	9.710.000	626,45	571,18

Operational Model

- No hotels needed—team sleeps at training sites
- Local meals and self-cooked food
- Transport by truck/ferry, carrying all gear personally
- We bring our sleep mattress, cooking tools, etc. in every trip

Kerjasama dengan Penyelenggara 2018-2024

Our GOALS

- Train 1,000,000 Papuan youth in computer literacy
- Replace broken laptops and projectors ;Provide better support for learners
- Expand to mountainous/inland regions

How You Can Help

- Donate new or used laptops, projectors, and IT equipment
- Sponsoring a village training (IDR 9.7 million / ~USD \$600)
- Support transportation and operations
- Partner with BKP for skill development initiatives

Closing Statement

"This is not charity. This is justice through education."

We invite you to be part of this journey—creating lasting change through knowledge and inclusion. With your support, we can expand our reach and provide Papuan youth with the skills they need to thrive.
